Accounting Principles

Accounting principles are guidelines or rules developed from experience or from research. Their purpose is to provide assurance that the information presented in the financial statements is valid, useful, and reliable. The auditor should make sufficient examination into the accounting principles used to permit a professional opinion as to whether the accounting system and the representations of management evidenced by financial reports are in conformity with such principles. Material changes and the reasons for them, if ascertainable, should be identified and their effect upon the financial reports, both historically and prospectively, should be explained. The auditor should also state his opinion as to the propriety of the change. Accounting principles on which the auditor's opinion is based should be identified in his report, as should statutory or administrative provisions adversely affecting the accounting principles in use by the organization, program or activity.

Legal or Regulatory Requirements

In any governmental audit in which the auditor is expected to give an opinion on the fairness of the presentations in financial reports, compliance with applicable laws and regulatory requirements is a matter of importance because noncompliance might result in liabilities not disclosed in the financial reports. Compliance with laws and regulatory requirements, in many instances, assumes an even greater importance since the recipients of the financial reports and the audit reports also want to know whether funds designated for certain purposes were spent for those purposes.

The standards for examination and evaluation require consideration of applicable laws and regulations in the auditor's examination. The standards for reporting require a statement in the report regarding any significant instances of noncompliance disclosed by the examination and evaluation work. What is to be included in this statement requires judgment. Significant instances of noncompliance, even those not resulting in legal liability to the audited entity, should be included.

Although the reporting standard is generally on an exception basis--that only noncompliance need be reported--it should be recognized that governmental entities often want positive statements regarding whether or not the auditors' tests disclosed instances of noncompliance. This is particularly true in grant programs where authorizing agencies frequently want assurance in the auditor's report that this matter has been considered. For such audits auditors should obtain an understanding with authorizing agencies as to the extent to which such positive comments on compliance are desired. When coordinated audits are involved, the audit program should specify the extent of comments that the auditor is to make regarding compliance.

When noncompliance is reported, the auditor should place his findings in proper perspective. The extent of instances of noncompliance should be related to the number of cases examined to provide the reader with a basis for judging the prevalence of noncompliance.

Peer Review

N.J.A.C. 6A:23-2.2(i) requires that charter schools engage only public school accountants who have had a peer review and obtain a copy of the audit firm's peer review. The board of trustees is required to review the peer review report prior to the engagement of a public school accountant for the annual audit, and to acknowledge its evaluation of the report in the minutes in which the board authorizes the engagement of the public school accountant to perform the annual

audit. Generally, auditors will submit the peer review with the engagement letter for a repeat audit or if a new audit, with the proposal when responding to a board of education's request for proposal. The Department recommends that auditors review the board minutes to determine that the peer review has been reviewed prior to the audit engagement.

"In accordance with NJOMB Circular Letter 98-07, including any amendments or revisions thereto (NJOMB 04-04) a charter school board of trustees shall ensure that the public school accountant provides a copy of the most recent external peer/quality report to the Department, within 30 days after the initial engagement of a licensed public school accountant or firm and within 30 days after the issuance of a subsequent peer/quality report."

It is the responsibility of the charter school to comply with the regulation of submitting the peer review report to the Department. Auditors are asked to inquire, early during field work, if the charter school has done this. A copy of the most recent peer review report must be provided to the Department as soon as possible after the engagement letter has been signed.

Government Auditing Standards (the 2003 Yellow Book) has revised peer review requirements. Any letter of comment and any subsequent peer review reports and letters of comment received during the period of the contract should be provided to the charter school which has contracted for the audit or attestation engagement. Auditors should refer to Sections 3.49 – 3.56 of the Yellow Book.

Audit Submission

The audit must be completed not later than 4 months after the end of the fiscal year (November 1). N.J.S.A 18A:23-3 requires "...such accountant shall within 5 days thereafter file two duplicate copies thereof certified under his signature in the Office of the Commissioner." (November 6 for 2005-2006 audits since November 5th falls on a Sunday) No provision is made for the issuance of extensions beyond the statutory due date. If a charter school fails to have an annual audit completed by November 1, the Commissioner of Education can appoint a qualified auditor to conduct the audit of the charter school. The cost of conducting such an audit would be paid out of the funds of the charter school.

The following section provides information on the required documents to be submitted. A checklist (see page III-1.5) to organize the various documents should be completed and included as part of the required submission to the Department. This has been developed to assist audit firms in packaging the correct number of documents, and to minimize correspondence from the Department. The filing addresses and other pertinent information are outlined below. Failure to follow the filing instructions will result in notification to the charter school by the Department.

Audit Reporting Package

• The Reporting Package for most charter schools consists of two separate required audit reports: the CAFR and the Auditor's Management Report (AMR). Both reports must be signed by the appointed public school accountant performing the audit, not by the firm or corporation that employs the auditor, submitted to the charter school board of trustees.

Audit Summary diskette (Audsum)

• The Audit Summary Worksheet is generated by the software and must be signed by both the auditor and the charter school business administrator.

TIME AFTER

AUDIT TO

Within five days;

One copy

SECTION III – REPORTING CHAPTER 1 - AUDIT CRITERION AND SUBMISSION

• The Audsum is transmitted to the Department by the School Business Administrator.

Auditor Questionnaire (see Section III-6 of this Audit Program)

• The Auditor Questionnaire is not a required submission for charter schools. It must still be signed by the auditor, maintained in the auditor's workpaper files, and available to the Department upon request.

AUDIT DOCUMENTS

• The Audit Questionnaire should not be sent to the Department of Agriculture.

Single Audit Report Submission Requirements

Federal Single Audit Requirements

For charter schools subject to the Single Audit Act pursuant to USOMB Circular A-133, the report submission requirements are as follows:

- The Data Collection Form (SF-SAC) and Reporting Package described below must be submitted to the Federal Clearinghouse within 30 days after receipt of the auditor's report(s).
- Based on the statutory deadline for filing the annual audit report for New Jersey charter schools, no submission to the Federal Clearinghouse should occur later than November 30th.
- The submission of anything other than a complete Data Collection Form and Reporting Package will be returned to the auditee.
- The Data Collection Form is to be submitted to the Clearinghouse as a separate document, not as part of the reporting package.
- The Data Collection Form is signed by both the charter school and the auditor.
- The Data Collection Form and one copy of the Reporting Package should be submitted to the Clearinghouse for the Federal Clearinghouse archival copy.
- The auditee must also submit to the Clearinghouse one copy of the reporting package for each Federal awarding agency when the schedule of findings and questioned costs and/or the summary schedule of prior audit findings disclosed audit findings or reported on the status of prior audit findings relating to Federal awards that the Federal awarding agency provided directly.

Data Collection Form

The Data Collection Form provides information on the type of audit, the auditee, the auditee's Federal programs, and the results of the audit. The Data Collection Form must indicate the federal awarding agency(ies) that should receive the additional report(s). The Clearinghouse will distribute the additional copies to the appropriate federal awarding agencies using the information reported on the form.

A revised Data Collection Form was released in May 2004 and is to be used for audit periods ending in 2004, 2005 and 2006. The new form uses the Data Universal Numbering System (DUNS) number. Auditors can also select an unqualified opinion or any combination of qualified opinion, adverse opinion and disclaimer of opinion. The type of opinion for each major program must be provided. Auditors should refer to the instructions for completing the form for further guidance. The form and the instructions are available at the Federal Audit Clearinghouse web site http://harvester.census.gov/sac/ or from the Federal Audit Clearinghouse at 1-800-253-0696. The Clearinghouse has also developed a process for electronic submission of the Data Collection Form. Auditors should reference the Clearinghouse home page for further instructions.

Federal Reporting Package

The Reporting Package must include the following (OMB-133, ¶ ...320)

- Financial statements (discussed in OMB-133, ¶__.310(a))
- Schedule of Expenditures of Federal Awards (¶__.310(b))
- Summary schedule of prior audit findings (¶____.315(b))
- Auditor's reports (¶___.505)
- •Corrective action plan (¶____.315(c))

Corrective Action Plan

The corrective action plan filed with the Federal Clearinghouse (A-133 corrective action plan) addresses each audit finding included in the current year auditor's reports in the Single Audit Section of the CAFR. In accordance with OMB Circular A-133 section .320(c), the corrective action plan is a required component of the Reporting Package. Charter Schools should prepare the A-133 corrective action plan in a timely manner so as to meet this filing deadline to the county superintendent..

Submission of Federal Reports to State Departments

In addition to the required submissions to the Federal Clearinghouse, the auditee must also submit one copy of the reporting package to each pass-through entity (including the NJ Department of Agriculture) when the schedule of findings and questioned costs and/or the summary schedule of prior audit findings disclosed audit findings or reported on the status of prior audit findings relating to Federal awards that the pass-through entity provided.

If the schedule of findings and questioned costs and/or the summary schedule of prior audit findings disclosed no audit findings or did not report on the status of prior audit findings relating to Federal awards that the pass-through entity provided, the auditee shall provide written notification to the pass-through entity in accordance with Section .320(e)(2)

State Single Audit Requirements

Charter schools may be subject to NJ state single audit requirements as established by NJOMB Treasury Circular Letter 04-04 which states that "in addition to federally required reports and opinions, recipient single audits must contain similar reports and opinions for State grant or State aid funds".

State Single Audit Reporting Package
Federally required reports and opinions
Financial Statements
Schedule of Expenditures of State Financial Assistance
Corrective Action Plan (if different from federal CAP)

Corrective Action Plan – State requirements

The corrective action plan filed with the county superintendent addresses each finding included in the Auditor's Management Report and must be filed within 30 days following the board meeting at which the audit was discussed. Refer to Section III, Chapter 7 for guidance on the corrective action plan to be filed with the county superintendent. This corrective action plan may differ from the federal corrective action plan if there are findings which the auditor deems to be immaterial for federal reporting, but which must be included for state purposes.

Reporting Errors

Auditor's Management Report

N.J.S.A. 18A: 23-9 states that the auditors report any error, omission, irregularity, violation of law, together with recommendations, to the board of trustees of each charter school. This statute applies to the Auditor's Management Report filed with the Department of Education. All findings must be included in that report of the audit. This includes <u>all</u> items contained in a separate schedule of findings and questioned costs included in the single audit section of the charter school's CAFR.

• Immaterial Errors and Omissions

Sometimes an auditor will detect an error that requires disclosure pursuant to *N.J.S.A* 18A: 23-9. However, the auditor may not believe a recommendation is needed because the error was insignificant and an isolated unintentional deviation from the Board's standard operating procedure. In such instances the auditor must report the item as a finding, state in the comments that in his or her opinion no recommendation is necessary, and elaborate on the reason(s) for this opinion. Any negative comment without a corresponding recommendation will be cited during the Quality Assessment Review unless accompanied by such an explanation. The reviewer will consider the explanation and the nature of the disclosure for adequacy. Auditors should exercise caution when determining which findings require disclosure and recommendations.

• Other Recommendations to the Board of Education

Auditor recommendations which are not required comments or related to a finding of noncompliance or questioned cost but rather represent suggestions to management should be grouped together and included at the end of the Auditors' Management Report in a section titled "Suggestions to Management." Management suggestions are not required to be included in the charter school's Corrective Action Plan.

Schedule of Findings and Questioned Costs (Single Audit – Federal and State)

In accordance with the Single Audit Act, USOMB Circular A-133 and NJOMB Circular Letter 04-04 all questioned costs and findings of noncompliance with applicable federal and state laws and regulations pertaining to federal and state financial assistance programs must be reported in the *Schedule of Findings and Questioned Costs* in the single audit section of the charter school's CAFR if they meet the criteria for reporting audit findings as detailed in Circular A-133 (Section .510). See Section II-SA of the Audit Program for sample format of the schedule. As noted above, all items reported in the single audit section must be repeated in the Auditors' Management Report.

THIS PAGE INTENTIONALLY LEFT BLANK

Directives for Auditors Reports

The Single Audit Act of 1984 and the Single Audit Act Amendments of 1996 (Amendments) established uniform requirements for audits of Federal awards administered by non-Federal entities. The Federal Office of Management and Budget (USOMB) issued the publication *Audits of States, Local Governments, and Non-Profit Organizations* (OMB A-133) to implement the Single Audit Act Amendments. Effective for fiscal years ending after December 31, 2003, OMB A-133 was revised to raise the audit threshold for all recipients, including state and local governments to \$500,000.

The State of New Jersey Office of Management and Budget (NJOMB) Circular Letter 04-04, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid, revised state policy regarding audits of grant recipients to require those recipients that expend \$500,000 or more in Federal financial assistance or State financial assistance within their fiscal year to have annual single audits in accordance with the Act, Amendments, OMB A-133 Revised, and State policy. Recipient single audits must contain reports and opinions for State funds similar to those required for federal single audits. A recipient is any local government (including charter school board) that receives from a State agency any Federal grant, State grant or State aid funds to carry out or administer a program.

The AICPA Audit Guide Government Auditing Standards and Circular A-133 Audits (AICPA Audit Guide) was updated for conforming changes as of May 1, 2005 that arise from AICPA standards, Government Auditing Standards, the Single Audit Act, and Circular A-133. The provisions of the AICPA Audit Guide are effective as of the effective date of those standards and requirements. The auditing conforming changes are effective for audits of financial statements for which fieldwork is completed after the issuance of the AICPA Audit Guide. Sample reports are available at the AICPA website http://gaqc.aicpa.org/ through the link Illustrative auditor's reports for audits performed under Government Auditing Standards and OMB Circular A-133. Since an update for May 2006 may be issued after publication of this Audit Program, auditors are encouraged to check that AICPA website and link for the most recent sample reports. Auditors should also check the site www.aicpa.org for the most recent updated AICPA Audit Guide and for the Audit and Accounting Guide State and Local Governments for other guidance. Auditors should also reference the Government Auditing Standards (the 2003 Yellow Book) published by the U.S. General Accounting Office for additional guidance and available at www.gao.gov.

Component Units

Government Accounting Standards Board (GASB) 14 as amended by GASB 39 requires that separately issued financial statements of a component unit indicate that the entity is a component unit of another government. The notes to the component unit's financial statements should disclose the identity of the primary government of the financial reporting entity and describe the relationship with the primary government. For the auditor's report, the AICPA's publication *State and Local Governments* issued May 2005 (Paragraph 14.45) refers to the language used in the introductory paragraph of the illustrative auditor's report in appendix A, Example 14A.2. – "We have audited the accompanying basic financial statements of Sample Charter School, a component unit of Sample County, as of and for the year ended June 30, 20X1, as listed in the table of contents...". Charter School staff and auditors should refer to the guidance on the department's website http://www.nj.gov/njded/finance/fp/gasb34./component unit.shtml for further information on component units.

Auditor Reports

The reports required in connection with an audit performed under the Single Audit Act of 1984, P.L. 98-502 as amended by the Single Audit Act Amendments of 1996, P.L. 104-156 and NJOMB Circular Letter 04-04 are listed below. The references are to the Government Auditing Standards and Circular A-133 Audits—issued May 2005 Auditors are encouraged to check the AICPA website "Governmental Auditing Quality Center" at http:gaqc.aicpa.org for the most recent sample reports and for revisions to the Guide issued after the issuance of this Audit Program.

UNQUALIFIED OPINION ON BASIC FINANCIAL STATEMENTS ACCOMPANIED BY REQUIRED SUPPLEMENTARY INFORMATION AND SUPPLEMENTARY SCHEDULE OF FEDERAL AWARDS AND OTHER SUPPLEMENTARY INFORMATION – GOVERNMENTAL ENTITY

Independent Auditor's Report

The Honorable President and Members of the Board of Trustees
Charter School
County of
, New Jersey
We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Board of Trustees of the Charter School, in the County of, State of New Jersey, as of and for the fiscal year ended June 30, 20, which collectively comprise the Charter School's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Board of Trustee's management. Our responsibility is to express opinions on these financial statements based on our audit.
We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.
In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the Board of Trustees, in the County of, State of New Jersey, as of June 30, 20, and the respective changes in financial position and cash flows, where applicable, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

SECTION III – REPORTING CHAPTER 2 – SAMPLE OPINION REPORTS

In accordance with Government Auditing Standards, we have also issued our report dated, 20 on our consideration of the Board of Trustees internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. This report is an integral part of our audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.
The Management Discussion and Analysis and Budgetary Comparison Information on pages [XX] through [XX] and [XX] through [XX] are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.
Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the Board of Trustees basic financial statements. The accompanying introductory section, other supplementary information including combining fund financial schedules, and statistical information are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual fund financial statements and long-term debt schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section, financial schedules and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.
The accompanying schedules of expenditures of federal awards and state financial assistance are presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments and Non-Profit Organizations; and New Jersey OMB's Circular 04-04, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid respectively, and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relations to the basic financial statements taken as a whole.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

(No reportable instances of noncompliance and no material weaknesses [no reportable conditions identified])

The Honorable President and
Members of the Board of Trustees
School
County of
, New Jersey
We have audited the financial statements of the Board of Trustees of the Charter School, in the County of, State of New Jersey, as of and for the fiscal year ended June 30, 20, and have issued our report thereon dated, 20 We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in <i>Government Auditing Standards</i> , issued by the Comptroller General of the United States; and audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey.
Internal Control Over Financial Reporting
In planning and performing our audit, we considered the Board of Trustees internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses
Compliance and Other Matters
As part of obtaining reasonable assurance about whether the Board of Trustee's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions

Date Issued 6/06

SECTION III – REPORTING CHAPTER 2 – SAMPLE OPINION REPORTS

of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and
material effect on the determination of financial statement amounts. However, providing an opinion or
compliance with those provisions was not an objective of our audit, and accordingly, we do not express
such an opinion. The results of our tests disclosed no instances of noncompliance or other matters tha
are required to be reported under Government Auditing Standards and audit requirements as prescribed by
the Division of Finance, Department of Education, State of New Jersey (However, we noted certain
matters that we reported to the Board of Trustees of the Charter School in the separate
Auditors' Management Report on Administrative Findings - Financial, Compliance and Performance dated, 20)
, =·
This report is intended for the information and use of the audit committee, management, theCharter School Board of Trustees, the New Jersey State Department of Education, and other
federal and state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

SECTION III – REPORTING CHAPTER 2 – SAMPLE OPINION REPORTS

SAMPLE ONLY

The following sample report was available on the AICPA website at http://aicpa.org at the time this Audit Program was issued. Auditors are encouraged to check this website for the most recent sample reports and for revisions to the Guide issued after the issuance of this Audit Program Source: Government Auditing Standards and Circular A-133 Audits – AICPA Audit and Accounting Guide Example 12-1.

REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133 AND NEW JERSEY OMB CIRCULAR 04-04

(Unqualified opinion on compliance and no material weaknesses [no reportable conditions identified])

The Honorable President and

Members of the Board of Trustees
School
County of
, New Jersey
<u>Compliance</u>
We have audited the compliance of the Board of Trustees of the School, in the County of, State of New Jersey, with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement and the New Jersey State Aid/Grant Compliance Supplement that are applicable to each of its major federal and state programs for the fiscal year ended June 30, 20 Board of Trustee's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal and state programs is the responsibility of the Board of Trustees management. Our responsibility is to express an opinion on the Board of Trustees compliance based on our audit.
We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in <i>Government Auditing Standards</i> , issued by the Comptroller General of the United States; the audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey; OMB Circular A-133 <i>Audits of States, Local Governments, and Non-Profit Organizations</i> ; and New Jersey OMB's Circular 4-04, <i>Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid.</i> Those standards, OMB Circular A-133 and New Jersey OMB's Circular 04-04, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the Board of Trustees compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Board of Trustees compliance with those requirements.

SECTION III – REPORTING CHAPTER 2 – SAMPLE OPINION REPORTS

In our opinion, the Board of Trustees of the School, in the County of, State of New Jersey, complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal and state programs for the fiscal year ended June 30, 20 (However, the results of our auditing procedures disclosed instances of noncompliance with those requirements, which are required to be reported in accordance with OMB Circular A-133 and New Jersey OMB's Circular 04-04 and which are described in the accompanying schedule of findings and questioned costs as items (List related finding reference number, i.e. 20X1-1, 20X1-2, etc)[Omit the last sentence if no such instances of noncompliance are identified in the schedule of findings and questioned costs].			
Internal Control Over Compliance			
The management of the Board of Trustees of the School is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to federal and state programs. In planning and performing our audit, we considered Board of Trustees internal control over compliance with requirements that could have a direct and material effect on a major federal or state program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on the internal control over compliance in accordance with OMB Circular A-133 and New Jersey OMB's Circular 04-04.			
Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of law, regulations, contracts and grants caused by error or fraud that would be material in relation to a major federal or state program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.			
This report is intended for the information and use of the audit committee, management, theBoard of Trustees, the New Jersey State Department of Education, and other state and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

NOTE TO PREPARER: WHEN A FEDERAL SINGLE AUDIT IS NOT REQUIRED -- DO NOT REFERENCE FEDERAL PROGRAMS. WHEN A STATE SINGLE AUDIT IS NOT REQUIRED -- DO NOT REFERENCE NJOMB CIRCULAR LETTER 04-04 AND STATE PROGRAMS.

Disclosure

A governmental entity's reports and statements, both financial and operational should contain the information necessary for users--management, the electorate, creditors, grantors, and others--to form an opinion on the effectiveness of the stewardship exercised by the responsible public officials. The responsibility for providing such information is that of management. However, the auditor should comment if the data provided is insufficient to disclose any matters that may have a material effect upon the financial reports.

Adequate disclosure is that which is required by generally accepted auditing standards as promulgated by the American Institute of Certified Public Accountants (AICPA), as well as adherence to the accounting standards promulgated by the Governmental Accounting Standards Board (GASB). Disclosure should be fair, manageable and reasonably complete, not complex or difficult to understand.

Weight should be given to materiality, which is the relative importance or relevance of an item included in or omitted from a financial or operating report. There are no universal ratios or percentages that can be used as standards of materiality for financial or operational processes or transactions. Materiality should be based on judgment. Auditors should reference the AICPA Audit and Accounting Guide, Audits of State and Local Governmental Units and Audits of States, Local Governments and Not-for-Profit Organizations Receiving Federal Awards for guidance on materiality. The AICPA issued a revised Audit and Accounting Guide (GASB 34 Edition) in May 2005 which should be referenced for updated guidance on materiality in relation to audits of GASB 34 statements. This Guide specifies that auditor reporting on governmental financial statements should be based on opinion units.

The following notes for the Schedules of Expenditures of Awards and Financial Assistance are required by OMB Circular A-133, Sec. 310. The sample financial statement disclosures presented in this chapter supplement the sample notes reflected in the Sample CAFR on the NJSCPA website. These notes are frequently omitted from the charter school CAFRs filed annually with the Department of Education. The sample footnotes presented in this section are not intended to be a boilerplate and should be included **only** if they apply to that charter school's CAFR. Additional information and samples of the same disclosures can be found in the GFOA Governmental Accounting, Auditing and Financial Reporting (the Blue Book), GASB Codification of Governmental Accounting and Financial Reporting Standards, ASBO International Self-Evaluation Worksheet, etc. Included at the end of each sample footnote is the source of reference (i.e. GASB Codification Section, etc.)

Information on additional disclosures for capital assets and long-term debt is available on the DOE Finance/GASB 34 website http://www.state.nj.us/njded/finance/fp/gasb34/. Charter school staff and auditors should reference GASB 38, Certain Financial Statement Note Disclosures, for further guidance on financial statement disclosures. GASB Statements issued in recent years that have disclosure requirements and are effective for June 30, 2006 charter school CAFRs include:

Statement	Title	Effective for periods beginning after:	
GASB 40	Deposit and Investment Risk Disclosures	June 15, 2004	
GASB 42	Accounting and Financial Reporting for Impairment of Capital Assets and for Insurance Recoveries	December 15, 2004	
GASB 46	Net Assets Restricted by Enabling Legislation	June 15, 2005	
GASB 47	Accounting for Termination Benefits	June 15, 2005	

<u>SAMPLE</u> NOTES TO THE SCHEDULES OF EXPENDITURES OF AWARDS AND FINANCIAL ASSISTANCE

Any Charter School Notes to Schedules of Expenditures of Award and Financial Assistance June 30, 20XX

NOTE 1. GENERAL

The accompanying schedules of expenditures of federal awards and state financial assistance include federal and state activity of the Board of Trustees, Any Charter School. The board of trustees is defined in Note 1 to the Board's basic financial statements. All federal and state awards received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies is included on the schedule of expenditures of federal awards and state financial assistance.

NOTE 2. BASIS OF ACCOUNTING

The accompanying schedules of expenditures of awards and financial assistance are presented using the budgetary basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting. These bases of accounting are described in Note 1 to the Board's basic financial statements. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

NOTE 3. RELATIONSHIP TO GENERAL-PURPOSE FINANCIAL STATEMENTS

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis, which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not.

The net adjustment to	reconcile from the budgetary ba	asis to GAAP basis is \$_	for the general		
fund and \$	for the special revenue fund.	See Note 1 (the Notes	to Required Supplementary		
Information) for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the					
general and special revenue funds. Awards and financial assistance revenues are reported in the Board's					
basic financial statements on a GAAP basis as presented on the following page:					

<u>SECTION III – REPORTING</u> <u>CHAPTER 3 –NOTE DISCLOSURES</u>

Any Charter School Notes to Schedules of Expenditures of Awards and Financial Assistance (Cont'd) June 30, 200X

	Federal	State	Total
General Fund	\$	\$	\$
Special Revenue Fund			
Food Service Fund			
Total Awards & Financial Assistance	\$	\$	

NOTE 4. RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

NOTE 5. FEDERAL AND STATE LOANS OUTSTANDING

Anytown Charter School had the following loan balances outstanding at June 30, 200X:

Loan Program Title	Federal CFDA Number	Amount Outstanding
Federal EPA	N/A	\$XXX,XXX

NOTE 6. OTHER

Revenues and expenditures reported under the Food Distribution Program represent current year value received and current year distributions respectively. The amount reported as TPAF Pension Contributions represents the amount paid by the state on behalf of the Charter School for the year ended June 30, 20XX. TPAF Social Security Contributions represents the amount reimbursed by the state for the employer's share of social security contributions for TPAF members for the year ended June 30, 20XX.

FINANCIAL STATEMENT DISCLOSURES - OVERVIEW AND SAMPLE NOTES

Please note that the sample notes included in this section are not intended to be all inclusive. Prior to the issuance of GASB 34, NJSCPA issued a sample CAFR with related disclosures at http://www.njscpa.org/business/cafr-9.doc. If referenced, auditors and charter school staff need to update their note disclosures for GASB 34 reporting. Auditors and charter school staff should also refer to GASB Codification Section 2300 and the AICPA Checklists and Illustrative Financial Statements for State and Local Governmental Units for further guidance on disclosures.

Categories of disclosures affected by GASB 34 and GASB 38 are indicated below with the paragraph of the Statement noted. Illustrative disclosures are reflected in both GASB Statements. In addition, GASB 38, Appendix B, par. 68 includes a list of disclosure requirements not changed. Samples for the capital assets and long-term liabilities may be found on the NJDOE website http://www.nj.gov/njded/finance/fp/gasb34/.

Summary of Significant Accounting Policies – GASB 34, par. 115; GASB 38, 6-8

Violations of Finance-related Legal or Contractual Provisions – GASB 38, par. 9

Capital Assets - GASB 34, par. 116-118

Long-term Liabilities - GASB 34, par. 116, 119

Short-term Debt – GASB 38, par. 12

Debt and Lease Obligations - GASB 38, par. 10-11

Disaggregation of Receivable and Payable Balances – GASB 38, par. 13

Interfund Balances and Transfers - GASB 38, par. 14

The disclosures should be revised where applicable for GASB Statement No. 40, Deposit and Investment Risk Disclosures, an amendment of GASB Statement No. 3, which is first effective for the June 30, 2005 financial statements.

SAMPLE BASIC FINANCIAL STATEMENT NOTES

NOTE 1, SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

D. BUDGETS/BUDGETARY CONTROL

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles. Encumbrance accounting is employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

<u>SECTION III – REPORTING</u> <u>CHAPTER 3 –NOTE DISCLOSURES</u>

GASB 34 Model Illustration of Reconciliation

Notes to Required Supplementary Information Budgetary Comparison Schedule

Explanation of Differences between Budgetary Inflows and Outflows and GAAP Revenues and Expenditures

Sources/inflows of resources	General Fund	Special Revenue Fund
Actual amounts (budgetary) "revenues" from the		
budgetary comparison schedules	\$ 23,101,430	\$ 7,983,528
Difference – budget to GAAP: Grant accounting budgetary basis differs from GAAP in that encumbrances are recognized as expenditures, and the related revenue is recognized.	553,478	(21,204)
Total revenues as reported on the statement of revenues, expenditures and changes in fund balances – governmental funds.	\$ 23,654,908	\$ 7,962,322
Uses/outflows of resources Actual amounts (budgetary basis) "total outflows" from the budgetary comparison schedule	\$ 24,209,664	\$ 7,983,528
Differences – budget to GAAP: Encumbrances for supplies and equipment ordered but not received are reported in the year the order is placed for budgetary purposes, but in the year the supplies are supplied for financial reporting purposes.		(21,206)
Transfers to and from other funds are presented as outflows of budgetary resources but are not expenditures for financial reporting purposes. Net transfers (outflows) to general fund.		(2,668,125)
Total expenditures as reported on the statement of revenues, expenditures, and changes in fund balances – governmental funds.	\$ 24 200 664	¢ 5 204 107
governmental funds.	\$ 24,209,664	\$ 5,294,197

Auditor's Note – The following POST-RETIREMENT BENEFITS information is Statewide data and should be utilized in the 2005-06 charter school CAFR. The data In this note is obtained from the NJ CAFR, June 30, 2005.

NOTE X. POST-RETIREMENT BENEFITS

Chapter 384 of Public Laws 1987 and Chapter 6 of Public Laws 1990 required Teachers' Pensions and Annuity Fund (TPAF) and the Public Employees' Retirement System (PERS), respectively, to fund post-retirement medical benefits for those State employees who retire after accumulating 25 years of credited service or on a disability retirement. As of June 30, 2005, there were 67,930 retirees eligible for post-retirement medical benefits. The cost of these benefits is funded through contributions by the State in accordance with Chapter 62, P.L. 1994. Funding of post-retirement medical premiums changed from a prefunding basis to a pay-as-you-go basis beginning in fiscal year 1994 with an additional contribution beginning in fiscal year 1996 to maintain a medical reserve of one half of 1% of the active State payroll.

The State made post-retirement (PRM) contributions of \$494.7.8 million for TPAF and \$190.8 million for PERS in fiscal year 2005.

The State is also responsible for the cost attributable to Chapter 126, P.L. 1992, which provides free health benefits to members of PERS, and the Alternate Benefit Program who retired from a board of education or county college with 25 years of service. In fiscal year 2005, the State paid \$88.7 million toward Chapter 126 benefits for 9,966 eligible retired members.

(GASB Cod. Sec. 2300.107(v))

Auditor's Note – The following sample footnote disclosures are notes that are frequently omitted from charter school CAFRs filed with the Department of Education. If applicable, the department <u>recommends</u> the following disclosures be included in the notes to the financial statements.

NOTE X. COMPENSATED ABSENCES

The board accounts for compensated absences (e.g., unused vacation, sick leave) as directed by Governmental Accounting Standards Board Statement No. 16 (GASB 16), "Accounting for Compensated Absences." A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

Charter School employees are granted varying amounts of vacation and sick leave in accordance with the charter School's personnel policy. Upon termination, employees are paid for accrued vacation. The Charter School's policy permits employees to accumulate unused sick leave and carry forward the full amount to subsequent years. Upon retirement employees shall be paid by the Charter School for the unused sick leave in accordance with the Charter School's agreements with the various employee unions.

In the charter school-wide *Statement of Net Assets*, the liabilities whose average maturities are greater than one year should be reported in two components – the amount due within one year and the amount due in more than one year.

The liability for vested compensated absences of the proprietary fund types is recorded within those funds as the benefits accrue to employees. As of June 30, 200X, a liability existed for compensated absences in the Food Service Fund in the amount \$XX,XXX.

(GASB Cod. Sec., C60)

NOTE X. RISK MANAGEMENT

The charter school is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

<u>Property and Liability Insurance</u> - The charter school maintains commercial insurance coverage for property, liability, student accident and surety bonds. A complete schedule of insurance coverage can be found in the Statistical Section of this Comprehensive Annual Financial Report.

New Jersey Unemployment Compensation Insurance - The charter school has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the charter school is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The charter school is billed quarterly for amounts due to the State. The table is a summary of charter school contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the charter school's expendable trust fund for the current and previous two years:

<u>Fiscal</u>	Charter School Contributions	Employee	<u>Amount</u>	<u>Ending</u>
<u>Year</u>		Contributions	<u>Reimbursed</u>	Balance
20X5-20X6 20X4-20X5 20X3-20X4				

(GASB Cod. Sec. 2300.107(a))

NOTE X. INTERFUND BALANCES AND TRANSFERS.

Auditor's Note – GASB Statement No. 38, paragraphs 14 and 15 revised the required disclosures for Interfund Balances and Transfers. Charter school staff and auditors should refer to that statement for further discussion. Sample disclosures for Interfund Balances and Transfers, as well as other disclosures required by GASB 38 can be found in Appendix C of that document. The GASB Codification section 2300.903 also provides illustrations of certain required disclosures.

NOTE X. FUND BALANCE APPROPRIATED

General Fund – of the \$	General Fund balance at June 30, 2006, \$	is
reserved for encumbrances; and \$	is unreserved and undesignated.	

(GASB Cod.Sec.2300.107(1))

STATISTICAL SECTION OF THE CAFR

Overview

The Governmental Accounting Standards Board (GASB) issued Statement No. 44, "Economic Condition Reporting: the Statistical Section"; an amendment of NCGA Statement 1, in May 2004, effective for periods beginning after June 15, 2005. This statement (GASB 44) revises the current statistical section of the Comprehensive Annual Financial Report (CAFR). New Jersey charter schools first implement GASB 44 for year end June 30, 2006.

GASB 44 was issued to improve the understandability and usefulness of the statistical section information. Although most of the data is reported in the current model, GASB 44 modifies the presentation by establishing five categories – financial trends, revenue capacity, debt capacity, demographic and economic information, and operating information. GASB also addressed what it considered issues in the statistical tables section as currently presented:

- Consistency in statistical reporting among governmental entities,
- Completeness in statistical reporting by the entity, and
- Incorporation of the new government-wide reporting format required by GASB 34 into the entity's statistical section.

Illustrations

The Department is providing samples of the statistical schedules that use the format of illustrations in GASB 44. The samples are intended to meet the requirements of GASB 44 as applied to New Jersey charter schools. In schedules which had optional placement of certain data or inclusion of data, the Department selected the format that is most consistent with the current schedules and most meaningful to the charter schools. Charter Schools may elect to present additional relevant statistical data, but for purposes of comparability, they should follow the basic format presented in the samples. The illustrations will be available on the NJDOE Office of Fiscal Policy and Planning website http://www.nj.gov/njded/finance/fp/ with additional guidance on preparation of the schedules.

<u>SECTION III – REPORTING</u> <u>CHAPTER 3 –NOTE DISCLOSURES</u>

Years of data

GASB 44 requires the presentation of the information described for the most recent ten years, unless otherwise specified. Governments are not required to report retroactively the charter school-wide financial data but are encouraged to report this information starting with the year they implemented GASB 34. For other schedules, NJDOE strongly encourages reporting ten years data when it is available to provide trend information. Data which was not previously required must be reported at a minimum of one year. When currently reported data differs from the new requirements, charter schools are encouraged to restate the prior data if possible for comparability or explain how the data differs.

- If statistical data cannot be obtained or estimated
 - Note N/A on the face of the schedule and explain on the schedule why the information is unavailable.

The Outline on the next two pages shows the schedules that will be included for 6/30/06 and lists the pre-GASB 44 NJ Exhibit # if applicable where some or all the data is previously reported. The illustrations on the website assume the charter school is retroactively reporting to the year GASB 34 was implemented, 2002-03 for illustration purposes, and ten years for data that would be available where applicable.

AUDITORS' MANAGEMENT REPORT ON ADMINISTRATIVE FINDINGS – FINANCIAL, COMPLIANCE AND PERFORMANCE

The Auditors' Management Report on Administrative Findings – Financial, Compliance and Performance (Auditors' Management Report), is the auditors' report to the board of trustees of their findings and recommendations as a result of the audit. It is issued separately from the CAFR and has the same due date for submission of November 6, 2006.

N.J.S.A. 18A:23-9 states that the auditor "...report any error, omission, irregularity, violation of law, together with recommendations, to the board of education of each charter school." This statute applies to the Auditor's Management Report filed with the Department of Education. All findings must be included in that report of audit. This includes all items contained in the separate schedule of findings and questioned costs included in the single audit section of the charter school's CAFR. A separate report to the board of trustees outlining findings not included in the report of audit is considered a violation of this statute.

Sometimes an auditor will detect an error which requires disclosure pursuant to *N.J.S.A.* 18A:23-9, however the auditor may not believe a recommendation is needed because the error was insignificant and an isolated unintentional deviation from the Board's standard operating procedure. In such instances, the auditor must report the item as a finding, state that in his or her opinion no recommendation is necessary, and elaborate on the reason(s) for this opinion.

The report presents the recommendations immediately after the comments. Since this is a stand-alone document, some brief explanation of the statute or procedure for which there is noncompliance should be included so that the reader can understand the issue. The auditor should then include the finding and make a recommendation.

This section provides a sample of the Auditors' Management Report. It is not meant to be a boilerplate and should be adapted to the circumstances of the individual charter school audit.

The standard format of the Auditor's Management Report includes the following sections:

- A. Table of Contents
- B. Report of Independent Auditors
- C. Comments, Findings and Recommendations
- D. Schedule of Meal Count Activity
- E. Schedule of Audited Enrollments.
- A. The <u>Table of Contents</u> is for organization purposes and is included to assist the reader in reviewing the report.
- B. The Report of Independent Auditors provides the reader with the basis and intent of the report as well as its distribution. The sample provided in this program may be expanded to include an opinion on the report if that is the individual firm's policy. Either format would be acceptable by the Department of Education. The report should contain both the firm name as well as the signature and license number of the public school accountant. The report should be on firm letterhead and dated the same as the auditors' reports included in the CAFR.

- C. The Comments, Findings and Recommendations section includes items noted during the audit that require comments and recommendations, including a repeat of any items contained in a separate schedule of findings and questioned costs included in the single audit section of the charter school's CAFR. The comments and recommendations must be specific under the following applicable headings:
 - 1. Administrative Practices and Procedures
 - 2. Financial Planning, Accounting and Reporting
 - 3. School Purchasing Programs
 - 4. School Food Service
 - 5. Student Body Activities
 - 6. School Register
 - 7. Facilities and Capital Assets
 - 8. Enrollment system/Charter School Aid
 - 9. Audit Miscellaneous
 - 10. Follow-up on prior year findings

Recommendations must be included for all negative comments and areas of noncompliance cited, and at a minimum they are to be grouped in the above headings. The auditor may use sub groupings within these headings.

The comments must include discussion on the following:

- Fire Insurance Coverage
- Surety Bonds as to Adequacy (see Note and table below)
 - o N.J.A.C. 6A:23-2.5(s) "The independent school auditor shall verify the adequacy of the treasurer's surety bond which is required by N.J.S.A. 18A:17-32, and shall include appropriate comment, and a recommendation, if needed in the annual school audit report."
- Examination of Claims.
- A certification that the charter school charged no tuition for any student attending the charter school and all proceeds for a before/after school program were accounted for in an Enterprise Fund.
- Salary Accounts
- A certification that encumbrances, contracts, salaries and expenditures for state and federally funded projects were in accordance with laws and regulations and in conformity with procurement requirements.
- A certification that charter school funds were provided and expended in the proper GAAP
 account /code and in accordance with the Charter School Budget Key Summary based upon
 audit testing of transactions. The comment must include a summary of the sample selection
 process, conclusions reached and additional procedures performed, if any.

- Whether the charter school has accurately completed its requests for social security reimbursement for TPAF members.
- Advertisement for bids in accordance with statutory requirements. A general statement that
 bids were advertised where required, with all exceptions listed is satisfactory. Any items of
 noncompliance should be listed and Title 18A:18A Public School Contracts Law should be
 quoted.
- The condition of the records, with both positive and negative findings for:
 - 1. Athletic Association
 - 2. Food Services
 - 3. Student Activity Funds
 - 4. Secretary and Treasurer status reports monthly reporting of budget versus actuals, cash reports and cash reconciliations (status of Secretary's accounting records must be noted)
 - 5. Capital Asset Records

Note: The minimum requirements for the surety bond shall be such percentage of the current year's school budget as is required in the schedule set forth in *N.J.A.C.* 6A:23-2.5. In fixing the minimum bond, the nearest even \$1,000 shall be used.

Up to \$100,000	20% of Budget (Minimum \$10,000)
\$100,000.01 to \$250,000	\$20,000 + 15% of all over \$100,000
\$250,000.01 to \$500,000	\$42,500 + 13% of all over \$250,000
\$500,000.01 to \$750,000	\$75,000 + 8% of all over \$500,000
\$750,000.01 to \$1,000,000	\$95,000 + 4% of all over \$750,000
\$1,000,000.01 to \$2,000,000	\$105,000 + 2% of all over \$1,000,000
\$2,000,000.01 to \$5,000,000	\$125,000 + 1% of all over \$2,000,000
\$5,000,000.01 to \$10,000,000	\$155,000 + 1/2% of all over \$5,000,000
\$10,000,000.01 and upwards	180,000 + 1/4% of all over $10,000,000$

Per N.J.A.C. 6A:23-2.5(c) "The independent school auditor shall verify the adequacy of the treasurer's surety bond which is required by N.J.S.A. 18A:17-32, and shall include appropriate comment, and a recommendation, if needed, in the annual school audit report."

Auditor recommendations which are not the result of a required comment or generated by a negative finding but rather represent suggestions to management should be grouped together and included at the end of the Auditors' Management Report in a section titled "Suggestions to Management". Management suggestions are not required to be included in the charter school's Corrective Action Plan.

D. The Schedule of Meal Count Activity documents the number of meals claimed for reimbursement under federal subsidy programs in comparison to the number of meals verified during the audit. The schedule calculates an (over)under claim based on the differences between the meals claimed and meal counts verified by the auditor. Eligibility application exceptions/reclassifications should also be included in this schedule. A finding and recommendation should be included for any differences noted.

E. The Schedule of Audited Enrollments provides a summary of the results of the audit testing of the School Register and submission of enrollment counts to the department. It documents the information reported on the submission to the department in comparison to the charter school register. A finding and a recommendation should be included for any differences noted. Additionally, any major deviations from procedures on student record keeping must be noted (i.e. dropping/reporting of students after a consecutive 10 day absence).

As a reminder, Government Auditing Standards require that the schedule of findings and questioned costs included in the single audit section of the CAFR present each finding in a format that addresses the condition (what is), criteria (what should be), effect (the difference between what is and what should be), cause (why it happened), and recommendation. Auditors should reference USOMB Circular A-133 (Section .510) states specific requirements on the reporting of audit findings in the schedule of findings and questioned costs. Auditors should reference this section in the cases where a federal single audit of the charter school is required. When repeating the findings in the Auditors' Management Report, auditors may follow that same format or revise the comment to be consistent with the other items presented in the Auditors' Management Report.

Report of Independent Auditors

Honorable President and
Members of the Board of Trustees
Charter School
County of, New Jersey
We have audited, in accordance with generally accepted audit standards and Government Auditing Standards issued by the Comptroller General of the United States, the basic financial statements of the Board of Trustees of the Charter School in the County of for the year ended, 20
As part of our audit, we performed procedures required by the New Jersey Department of Education, and the findings and results thereof are disclosed on the following pages, as listed in the accompanying table of contents.
This report is intended for the information of the Board of Trustee's management and the New Jersey Department of Education. However, this report is a matter of public record and its distribution is not limited.

Administrative Findings - Financial, Compliance and Performance

Scope of Audit

The audit covered the financial transactions of the Board Secretary/School Business Administrator and the Treasurer of School Moneys, the activities of the Board of Trustees, and the records of the various funds under the auspices of the Board of Trustees.

Administrative Practices and Procedures

Insurance

Fire insurance coverage was carried in the amounts as detailed on Exhibit J-13, Insurance Schedule contained in the charter school's CAFR.

Official Bonds (N.J.S.A. 18A:17-26, 18A:17-32)

Name	<u>Position</u>	<u>Amount</u>
Anne Edwards	Business Office Manager/School Business Administrator	\$10,000.00
Michael E. Leonard	Treasurer	\$145,000.00

There is a Public Employees' Faithful Performance Blanket Position Bond with the Western Surety Company covering all other employees with multiple coverage of \$10,000.00.

Tuition Charges

A review of the financial statements indicated that the charter school charged no tuition for any student attending the charter school and all proceeds for a before/after school program were accounted for in an Enterprise Fund.

Financial Planning, Accounting and Reporting

Examination of Claims

An examination of claims paid during the period under review did not indicate any discrepancies with respect to signatures, certification or supporting documentation.

Payroll Account

The net salaries of all employees of the Board were deposited in the Payroll Account. Employees' payroll deductions and employer's share of fringe benefits were deposited in the Payroll Agency Account.

All payrolls were approved by the designee in the charter school and were certified by the President of the Board and the Board Secretary/Business Administrator.

Salary withholdings were promptly remitted to the proper agencies.

Finding:

Some employees were paid in excess of their approved contract amounts.

Recommendation:

All employees should be paid in strict accordance with their approved contracts.

Reserve for Encumbrances and Accounts Payable

A review of outstanding issued purchase orders was made as of June 30 for proper classification of orders as reserve for encumbrances and accounts payable.

Finding:

Charter school personnel did not perform an analysis of outstanding purchase orders at June 30 and prepare the separate listings of purchase orders comprising the balance sheet account balances for accounts payable and reserve for encumbrances. Numerous audit adjustments were needed to adjust the accounting records to properly reflect the true balances as of June 30, taking into consideration both the status of the orders at June 30 as well as their subsequent liquidation.

Recommendation:

Purchase orders should be reviewed for proper classification at June 30 as accounts payable or reserve for encumbrances based upon whether the goods have been received or the services rendered. All orders that will not be liquidated within the suggested time-frame of 60 to 90 days of year end should be cancelled. Reconciliations of the adjusted June 30 balances for accounts payable and reserve for encumbrances should be performed and the required schedules be prepared for the year end audit.

Classification of Expenditures

The coding of expenditures was tested for proper classification in accordance with the *N.J.A.C.* 6A:23-2.2(g) and line item details as described in the Budget Summary Key as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. As a result of the procedures performed, a transaction error rate of 1.90% was noted and no additional procedures were deemed necessary to test the propriety of expenditure classification.

A. General Classification Findings

Finding:

During our test of transactions it was noted that the charter school misclassified and misbudgeted professional development costs for non-instructional staff as Instructional Purchased Professional/Technical Services (line 45). The expenditure and related appropriation was reclassified to Administrative Costs - Purchased Professional/Technical Services (line 55) for financial statement presentation purposes.

Recommendation:

Charter school personnel should reference Charter School Budget Key Summary and other available reference materials, such as *The Uniform Minimum Chart of Accounts (Handbook 2R2) for New Jersey Public Schools* to be in compliance with N.J.A.C. 6A:23-2.2(g)

B. Administrative Classification Findings

Finding:

During our test of transactions it was noted that the salary of the chief school administrator was allocated to Instructional Staff Training Services. The expenditure and related appropriation were reclassified to Support Services – General Administration for financial statement presentation purposes.

Recommendation:

See recommendation below.

Finding:

During our test of transactions it was noted that the salary of the principal was allocated to the plant maintenance and transportation functions. The expenditure and related appropriation were reclassified to Support Services – School Administration for financial statement presentation purposes.

Recommendation:

See recommendation below.

Finding:

During our test of transaction it was noted that legal fees for the placement of a special education student was charged to Other Support Services – Student Extraordinary Services. The expenditure and related appropriation was reclassified to Support Services - General Administration for financial statement presentation purposes.

Recommendation:

See recommendation below.

Finding:

During our test of transactions it was noted that there were no salary expenditures of clerical staff recorded in Central Services as had been in prior years. Clerical positions that were recorded in the prior year in central services were not eliminated but instead reclassified to Attendance without proper documentation to support this change.

Recommendation:

Charter Schools should reference *The Uniform Minimum Chart of Accounts for New Jersey Public Schools*, 2003 Edition and other available reference materials, such as the Budget Guidelines for the proper classifications required to be in compliance with *N.J.A.C.* 6A:23-2.2(g).

Finding:

During our test of transactions it was noted that the salary of the business administrator was allocated to instruction without documentation that supports the business administrator provided direct classroom instruction as part of the charter school's regular curriculum.

Recommendation:

See recommendation below.

Finding:

During our test of transactions it was noted that the salary of the chief school administrator was allocated to instruction without documentation that supports the chief school administrator provided direct classroom instruction as part of the districts regular curriculum.

Recommendation:

The allocation of administrative salaries to instruction or support functions should be supported by documentation providing a reasonable allocation method, such as time sheets or teaching roster to support direct classroom instruction as part of the regular curriculum.

Finding:

During our test of transactions it was noted that many of the charter school's responses to the required completion of the charter school questionnaire were incomplete.

Recommendation:

The charter school should compare the completed charter school questionnaire and the payroll registers and an administrative certificated staff roster, or similar document, to assure accuracy and completeness of the charter school questionnaire.

Board Secretary's Records

Our review of the financial and accounting records maintained by the business office disclosed the following items.

Finding:

Bids received were not summarized in the minutes (N.J.S.A. 18A:18A-21).

Recommendation:

Bids received should be summarized in the minutes of the Board Secretary.

Finding:

Acknowledgment of the Board's receipt (non-receipt) of the Board Secretary's and Treasurer's monthly financial reports was not included in the minutes.

Recommendation:

The Board should acknowledge in the minutes receipt (non-receipt) of the Board Secretary's and Treasurer's monthly financial reports.

Finding:

Several budgetary line accounts were over-expended during the fiscal year and at June 30 (N.J.A.C. 6A:23-2.11) despite the board secretary's monthly certification to the contrary (N.J.A.C. 6A:23-2.11).

Recommendations:

Approved budgetary line accounts should not be overexpended. The Business Office should not approve the issuance of purchase orders, which would cause overexpenditure in the line account to be charged, prior to the Board approving the requested transfer of additional appropriations to cover such orders.

The Board Secretary should file certifications of the budgetary line item status, which are consistent with the actual budgetary records.

Finding:

Payments were made prior to the receipt of goods.

Recommendation:

Payment should not be made until the receipt of goods.

Finding:

The capital asset records were not updated for the additions and disposals of capital assets made during the year.

Recommendation:

The Charter school should have adequate internal control procedures over its capital assets, including periodic update of the general ledger for additions and disposals.

Finding

The Charter school is not maximizing its efforts under the Special Education Medicaid Initiative (SEMI) Program for obtaining Federal funding for special education services.

Recommendation: The Charter school should establish procedures to ensure that it maximizes its efforts under SEMI for obtaining Federal reimbursement for special education services.

Finding:

The charter school should maintain a monthly and year-to-date report of all line item transfers in a format prescribed by the Commissioner or approved by the County Superintendent.

Recommendation:

Subsequent to the effective date of *N.J.A.C.* 6A:23A (December 7, 2004), the charter school transferred funds to School Administration that on a cumulative basis exceeded 10 percent of the total amount of the original budget for school Administration with out proper department approval.

Treasurer's Records

The following items were noted during our review of the records of the Treasurer.

Finding:

The Treasurer did not perform cash reconciliations for the general operating account, payroll account, or payroll agency account (N.J.S.A. 18A:17-36).

Recommendation:

Each month, the Treasurer should determine cash balances by performing cash reconciliations for the general operating account, payroll account, and the payroll agency account.

Finding:

Not all cash receipts were promptly deposited.

Recommendation:

The Treasurer should promptly deposit all cash receipts.

Finding:

The Treasurer's records were not in agreement with the records of the Business Office. Also, the Treasurer's cash balance for the general operating account was not in agreement with the reconciled cash balance as determined during the audit.

Recommendation:

The Treasurer should reconcile his cash records with the reconciled bank statements and the cash records of the Business Office.

Elementary and Secondary Education Act (E.S.E.A.) / Improving America's Schools Act (IASA) as reauthorized by the No Child Left Behind Act of 2001.

The E.S.E.A/N.C.L.B. financial exhibits are contained within the Special Revenue Section of the CAFR. This section of the CAFR documents the financial position pertaining to the projects under Titles I and VI of the Elementary and Secondary Education Act as amended.

The study of compliance for E.S.E.A. indicated the following areas of noncompliance and/or questionable costs.

Finding:

Salary charges were not documented each pay period. Allocated salary charges for teaching staff members were not supported by employee time sheets.

Recommendation:

The allocation of salaries among federal/state grants should be supported by employee time sheets.

Findings:

Three A.B.C. computers and software costing \$3,300 were charged to Title I-Part A. These items were not labeled Title I nor were they located in the designated Title I classrooms. The computer equipment and software were located in an area utilized by the general school population. (Serial Nos. xxxxx,xxxxx and xxxxx).

Printing costs of \$1,200 for a brochure unrelated to E.S.E.A. were charged to the Title I-Part A grant.

Recommendation:

Only those costs associated with the federal/state grants should be charged to the grant.

Findings:

Due to Grantor balances were not returned/disposed of in accordance with the grant agreement.

Recommendation:

Due to Grantor balances must be returned immediately with the submission of the final grant expenditure report.

Other Special Federal and/or State Projects

The charter school's Special Projects were approved as listed on Schedule A and Schedule B located in the CAFR.

Our audit of the federal and state funds on a test basis, indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits are contained within the Special Revenue Section of the CAFR. This section of the CAFR documents the financial position pertaining to the aforementioned special projects.

The study of compliance for the special projects indicated the following areas of noncompliance:

I.D.E.A. Part B

Finding:

Separate accounting was not maintained for each approved project.

Recommendation:

The Board Secretary should maintain separate accounting with the account coding structure of the minimum outline for each state approved project within a federal/state grant program.

Finding:

Grant application approvals and acceptance of grant funds were not made by board resolution or recorded in the minutes.

Recommendation:

All filings of federal and state grant applications and subsequent acceptance of grant funds should be approved by board resolution and recorded in the minutes.

T.P.A.F. Reimbursement

Our audit procedures included a test of the biweekly reimbursements (electronic, but charter schools can print out the DOENET screen for an auditor) filed with the Department of Education for charter school employees who are members of the Teachers Pension and Annuity Fund. No exceptions were noted.

School Purchasing Programs

Contacts and Agreements Requiring Advertisement for Bids

N.J.S.A. 18A:18A-1 et seq. (Public School Contracts Law), the associated rules and related information on the statute, and school contracts in general is available on the website http://www.state.nj.us/njded/pscl/index.html].

Auditors should refer to Section I, Chapter 5, Bids & Contracts/Purchasing for highlights of N.J.S.A. 18A:39-3 and 4.

Effective July 1, 2005 and thereafter the bid thresholds in accordance with N.J.S.A. 18A:18A-3 (as amended) and 18A:39-3 are \$21,000 and \$15,000 respectively.

The charter school board of trustees has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where questions arise as to whether any contract or agreement might result in violation of the statute, the Solicitor's opinion should be sought before a commitment is made.

Based on the results of my examination, I did not note any individual payments, contracts, or agreements made for the performance of any work or goods or services, in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of N.J.S.A. 18A:18A-4, amended.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

Finding:

A Widget computer costing \$18,000.00, not manufactured in the United States, was purchased even though bids submitted for American made computers met the specifications (N.J.S.A. 18A:18A-20, amended). (Serial No. XXXX)

Recommendation:

American goods and products should be used where possible.

Finding:

Notice of revisions to bid specifications for purchase of telephone equipment (non construction contracts) was not provided to a vendor who had received a bid package. (N.J.S.A.18A:18A-21c, amended)

Recommendation:

The charter school should notify any person who has submitted a bid or received a bid package of revisions to bid specifications. One of three permissible means of notification should be used a) in writing by certified mail, b) by certified facsimile transmission, i.e., the sender's facsimile machine produces a receipt showing date and time of transmission and that the transmission was successful or c) by a delivery service that provides certification of delivery to the sender.

Finding:

The purchase of a Fun video center costing \$19,500.00 and designated as made pursuant to a state contract was awarded to a vendor who did not have the state contract for the specific equipment purchased, according to the state contract award bulletin on file in the district's office.

Recommendation:

Contracts awarded to vendors pursuant to a state contract should be made for only those items specifically included in the state contract award bulletin for such vendor.

Finding:

Bids received, resulting in a capital improvement costing \$23,000.00, performed by MLA Construction Co., were not publicly unsealed and announced in the presence of the parties bidding or their agents (N.J.S.A. 18A:18A-21, amended).

Recommendation:

All bids should be unsealed and announced publicly in the presence of the parties bidding or their agents.

School Food Service

Note: The School Food Service section of the Auditor's Management Report must contain statements such as those noted below (with the respective related findings, if applicable, cross-referenced to the CAFR). Also, please indicate "No Exceptions Noted" when there are no findings.

The financial transactions and statistical records of the school food services fund were reviewed. The financial accounts, meal count records and eligibility applications were reviewed on a test-check basis.

Cash receipts and bank records were reviewed for timely deposit.

(If applicable) The Charter School utilizes a food service management company and is depositing and expending program monies in accordance with *N.J.S.A.* 18A:17-34, and 19-1 through 19-4.1

Expenditures should be separately recorded as food, labor and other costs. Vendor invoices were reviewed and costs verified. Inventory records on food and supply items were currently maintained and properly applied in determining the cost of food and supplies used.

The cash disbursements records reflected expenditures for program related goods and services. The appropriate revenue and expenditure records were maintained in order to substantiate the non-profit status of the school food service. Net cash resources did not exceed three months average expenditures.

Time sheets were reviewed and labor costs verified. Payroll records were maintained on all School Food Services employees authorized by the board of education. No exceptions were noted.

The number of meals claimed for reimbursement was compared to sales and meal count records. AS part of the claims review process the Edit Check Worksheet was completed. Reimbursement claims were submitted/certified in a timely manner.

Applications for free and reduced price meals were reviewed for completeness and accuracy. The number of free and reduced price meals claimed as served was compared to the number of valid applications on file, times the number of operating days, on a school by school basis. The free and reduced price meal and free milk policy was reviewed for uniform administration throughout the school system. Sites approved to participate in Provisions were examined for compliance with all counting and claiming requirements. The required verification procedures for free and reduced price applications were completed and available for review.

Food Distribution Program commodities were received and a separate inventory was maintained on a first-in, first-out basis. No exceptions were noted.

Exhibits reflecting Child Nutrition Program operations are included in the section entitled Enterprise Funds, Section G of the CAFR.

Auditor's Note: The AICPA Audit Guide *Government Auditing Standards and Circular A-133 Audits*, section 7.13 defines food commodities distributed as non-cash federal financial assistance. The total value of the commodities received as well as the value distributed by school districts must be reflected as revenue and expenditures, respectively.

In the event that commodity inventories are not maintained sufficiently to allow the auditor to include this activity in the financial statements and schedules, a finding and recommendation must be included in the Auditor's Management Report.

Finding:

Food Service accounting records maintained by the Charter School's administration office did not agree with the records maintained by the Food Service Director.

Recommendation:

The Charter School should establish procedures that will reconcile the food service director's records and the food service records maintained by the central administration office.

Finding:

Meals claimed did not agree with meal count records resulting in an overclaim, as detailed on the Schedule of Meal Activity (See Section II-50).

Recommendation:

Prior to submitting reimbursement vouchers to the N.J. Department of Agriculture, the meals claimed should be verified to the meal count activity records and Edit Check Worksheets.

Findings:

A number of exceptions were noted regarding free and reduced price lunch applications. Applications were not properly completed; household income was not properly applied when determining free and reduced price and several applications were not available for audit.

Recommendation:

The free and reduced applications/documentation should be properly determined, completed as required and available for audit.

Finding:

The Charter School's food service receipts were not deposited promptly and supporting documentation did not reconcile with the amounts deposited.

Recommendation:

The Charter School's food service receipts should be deposited promptly and intact. Amounts deposited should reconcile to the supporting documentation.

In accordance with AICPA Statement of Auditing Standards (SAS) #70, as amended by SAS 88 (effective February, 2000), auditors must obtain an understanding of internal controls placed in service by service organizations whose services are part of the entity's information system. Food service management companies must have a service audit performed by an independent audit firm engaged by the food service management company. This service audit must report on the food service management company's control structure policies and procedures. It is the responsibility of the charter school management to award contracts to a food service management company only if such a service audit report has been issued. The requirement for provision of the SAS 70, as amended by SAS 88, report has been incorporated into the standard Food Service Management Company Contract. If the charter school is unable to provide such a service audit to the local charter school auditor, a negative finding and recommendation must be included in the Auditors' Management Report.

Student Body Activities

During our review of the student activity funds, the following items were noted.

Finding:

The Board had no policy, which clearly established the regulation of student activity funds.

Recommendation:

The Board should approve a policy establishing the regulation of student activity funds.

Finding:

Not all cash receipts were promptly deposited.

Recommendation:

All cash receipts should be promptly deposited.

Finding:

Not all cash disbursements had proper supporting documentation.

Recommendation:

Proper supporting documentation should be maintained for all cash disbursements.

Enrollment counts and submissions to the Department

Our audit procedures included a test of enrollment information reported on October 15, and the last day of school for on-roll, special education, bilingual and low-income.

Finding:

The charter school had no written procedures for the proper maintenance and recording of student enrollment data.

Recommendation:

We recommend that the charter school prepare written procedures detailing the process for the two required enrollment counts. The procedures should describe how the count was taken, who was responsible for compiling the data, completing the enrollment count submission, and detail the various assigned responsibilities for collection of the data and the follow-up procedures to identify student information to be corrected in the subsequent count.

Finding:

The charter school had documentation on file for Free and Reduced Lunch but never forwarded copies to the resident district.

Recommendation:

All documentation, for which state aid is based, must be forwarded to the resident district.

Finding:

There were two instances where a student enrolled in the charter school was not in attendance for 10 days and was not dropped from the charter school's register until 20 days after the last known day of attendance. According to the Department's school register instructions, the charter school's responsibility is to ensure the attendance of those students enrolled in their school. A student who has been absent 10 days for an unknown reason must be reported as a dropout. If the student is reported as a dropout, the charter school must immediately notify the school district of residence in writing of this condition on the 10^{th} day.

Recommendation:

The charter school must make a concerted effort to notify the resident district of school dropouts in a timely manner in accordance with school register instructions.

Finding:

The charter school reported a student on the DOEnet and subsequently received charter school aid for a special education student who is attending a private school for the disabled. The educational costs for the outside placement at the private school are a paid by the resident school district and not the charter school.

Recommendation:

The charter school must establish and implement procedures to ensure that any student attending a private school for the disabled is "dropped" from the charter school aid reporting to ensure that the district of residence is not double-billed for the student.

Finding

The charter school reported special education classification on the DOEnet for a student who was identified and began receiving related services subsequent to October 15th. The resident district only receives categorical aid (special education, bilingual and low income) funding for students who are reported on the ASSA on October 15th. Students identified after October 15th must be reported in the subsequent year..

Recommendation;

The charter school must establish and implement procedures to ensure reporting of categorical aid (special education, bilingual and low income) only for students who are identified and receiving related services prior to the October 15 ASSA reporting deadline.

Follow-up on Prior Year Findings

In accordance with government auditing standards, our procedures included a review of all prior year recommendations. Corrective action had been taken on all prior year findings with the exception of the following, which is repeated in this year's recommendations:

Approved budgetary line accounts should not be overexpended.

(If there were no prior year findings, indicate "Not Applicable" in this section. Do not omit the section.)

Acknowledgment

We received the complete cooperation of all the officials of the charter school and I greatly appreciate the courtesies extended to the members of the audit team.

SCHEDULE OF MEAL COUNT ACTIVITY

ANYTOWN CHARTER SCHOOL FOOD SERVICE FUND NUMBER FOR MEALS SERVED AND (OVER) UNDERCLAIM ENTERPRISE FUND FOR THE FISCAL YEAR ENDED JUNE 30, 2006

Percentage				4.4%		4.8%			20.0%		25.0%			7.9%

1. Determine sample for each count:

Total population is 500 students(Excel Spreadsheet)

Sample size for each count is 500 times 50%=250 students ensuring that all student records are audited by the second count sample.

Example: Sample size for each count: count 1 = 250, count 2 = 250. Total sample = 500.

Distribute the sample among the grades in the same proportion as the whole population.

Use random selection without replacement to choose sample.

Test all the specifics to the student selected in the sample. (i.e. Spec. Ed., Bilingual, Low Income, etc.)

The same student should not be chosen more than once for any of the two counts, therefore 500 different students should be tested.

Pursuant to N.J.A.C. 6A:11-7.2(j)1,4: The two counts sampled will be verification of the number of days enrolled and verification to the signed registration forms.

- 2. Of the sample selected, the students identified as Special Ed &/or Bilingual.
 - 2a. Verify classification to the students IEP.
- 2b. Verify the number of days that services were provided.
- 2c. Verify that student is not enrolled in a private school for the disabled.
- 3. Of the sample selected, identify the students classified as low income.
- 3a. Verify free lunch application & or documentation from the charter/district.

1. Determine sample for each count:

Total population is 500 students(Excel Spreadsheet)

Sample size for each count is 500 times 50%=250 students ensuring that all student records are audited by the second count sample.

Example: Sample size for each count: count 1 = 250, count 2 = 250. Total sample = 500.

Distribute the sample among the grades in the same proportion as the whole population.

Use random selection without replacement to choose sample.

Test all the specifics to the student selected in the sample (i.e. Spec. Ed., Bilingual, Low Income, etc.)

The same student should not be chosen more than once for any of the two counts, therefore 500 different students should be tested.

Pursuant to N.J.A.C. 6A:11-7.2(j)1,4: The two counts sampled will be verification of the number of days enrolled and verification to the signed registration forms.

- 2. Of the sample selected, the students identified as Special Ed &/or Bilingual.
 - 2a. Verify classification to the students IEP.
- 2b. Verify the number of days that services were provided.
- 2c. Verify that student is not enrolled in a private school for the disabled.
- 2d. Verify that student was identified and began receiving related services prior to October 15.
 - 3. Of the sample selected, identify the students classified as low income.
- 3a. Verify free lunch application &/or documentation from the charter/district.

<u>SECTION III - REPORTING</u> CHAPTER 5 - AUDIT SUMMARY WORKSHEET DISKETTE

All charter schools are required to have their auditor complete and submit the Audit Summary (Audsum) Worksheet(s) computer diskette and the CAFR and then transmit the Auditor-completed Audsum data to the NJ Department of Education via the DOENET. This information is used by the Department of Education for various reporting and analytical purposes. The information from the Audsum diskette will be downloaded into the actual column of the DOE budget software used by the charter school. Charter schools cannot access and revise this data via the budget program if the data is incorrect. Only the auditor can make corrections through the submission of the revised Audsum diskette. For revisions, both the auditor and the charter school board secretary/business administrator must sign a new letter of transmittal and revised CAFR pages must also be submitted, if applicable. The board secretary/business administrator is responsible for carefully reviewing the reports generated by the diskette and signing off on the transmittal letter as to the accuracy of the information. Both auditors and charter school personnel are warned to pay particular attention to the accuracy of the data submitted to avoid having to resubmit the data!

Auditor's Note – The Department <u>highly recommends</u> that the Audsum be completed prior to filing the CAFR. The Audsum has numerous edits that can flag common reporting errors such as the reporting of special education program expenditures, food service operations, and fund balances.

Audit reports <u>will be considered incomplete</u> until the required audit summary worksheet diskettes are received by the statutory deadline. Please note that Charter School boards will be notified in writing of any changes made to the method of transmittal of the Audsum diskette.

Fund Balance (General Fund)

Separate lines for the breakout of the June 30 fund balance (general fund) are provided in the Audsum diskette. Corresponding lines for the July 1 beginning fund balance classifications are also provided to enable reporting the appropriate balances. The following list is to be followed for the classification of ending fund balance – general fund:

- Legal reserves (10010)
- Reserved for encumbrances (10020)
- Reserve for encumbrances Capital Projects Funds (10030)
- Reserved for adult education (10040)
- Maintenance reserve account (10045)
- Unreserved undesignated general fund balances (10070)
- Unreserved fund balance that is designated for subsequent year's expenditure (10075)

<u>SECTION III - REPORTING</u> CHAPTER 5 - AUDIT SUMMARY WORKSHEET DISKETTE

Transfer of Capital Project Fund surplus

When specifically approved by the Commissioner, charter schools may transfer surplus from the general fund to the Capital Projects fund. Such transfers should be shown in the CAFR as an operating transfer with the appropriate disclosure made in the notes to the financial statements. When reporting on the Audsum diskette, the restated balances after the transfer should be reported as the July 1 balances.

Pre-Operating Revenues and Expenditures

In the first year of operations for a charter school, there may be expenses for the first 6 to 18 months prior to the charter school commencing operations. Auditors are instructed to include the revenues and expenditures for the start-up period in the FY 2005-2006 Audsum. Include year-end enrollment data.

TO BE COMPLETED BY THE BOARD SECRETARY/BUSINESS ADMINISTRATOR

The Administrative Classifications Questionnaire was first distributed to NJ charter schools for the June 30, 2005 audits. It is included in the Audit Program and is to be completed annually by the charter school board secretary/business administrator for use by public school accountants when reviewing compliance with account coding of administrative expenditures. Your cooperation is essential in completing this questionnaire accurately and in a timely manner since it will be used by public school accountants as a tool when planning their audit procedures. As procedures included in the Audit Program, auditors will review this questionnaire in conjunction with their test of transactions and include a finding and recommendation for questionnaires substantially incomplete or inaccurate. In requiring either a school administrative, principal or school business administrator certificate as detailed on item number 21 in Section III-6 of the audit program. Three checklists (Current Operating Funds, Student Activity Fund, and Food Service Fund) of actions to be performed or documents to have available in advance of the audit are provided here to assist business administrators in preparing for the year end audit. These checklists may be modified by the audit firm to incorporate additional documents as needed.

ADMINISTRATIVE CLASSIFICATIONS QUESTIONNAIRE

(To Be Completed by the Board Secretary/ Business Administrator)

Auditors should retain this questionnaire in their workpapers. The department may at a future time request this document for use in assessing potential need for further guidance and training.

b	e. If no to 1a, is the coding consistent with prior years? Yes No						
	. If no to 1a, please list the position, the account coding and the rationale for account classific ther than administration (attach additional sheet if necessary):						
	s there a decline in administrative expenditures relative to total general fund expenditures from revious year? Yes No						
	If yes, is the decline the result of reclassification or allocation of salaries?						
I	f yes, is the decline the result of reclassification or allocation of salaries? Yes No						

	e there any non-certificated administrative staff allocated to a support function (exclude clericions)? Yes No
	s, please list the position, account classification, and allocation method used ch additional sheet if necessary):

prir	e any supervisor positions, with the exception of "supervisors of instruction," requiring cipal or supervisory certification allocated to a support function? Yes No

and review. The Business Administrator should be certain that all paid claims have been properly approved for payment, recorded in the minutes, and that affidavits or declarations have been completed on those exceeding one hundred fifty dollars (N.J.S.A. 18A: 19-3).
16. A separate file including copies of all legal advertisements, such as the adopted budget, requests for bids, and resolutions awarding contracts or agreements for professional services.
17. All contracts, agreements, leases, and bids received in connection with the advertising referred to above. Contracts, which the board of trustees has entered into with the State Division of Purchase and Property in the purchase of materials, supplies or equipment for the charter school, must be available for review by the charter school auditor.
18. A schedule of all insurance coverage and fidelity bond coverage in effect during the year, and the related policies or continuation certificates on hand.
19. All employee contracts and a schedule of board approved salaries.

() 15. All vouchers, properly documented, and purchase orders should be available for inspection

()	20.	A schedule detailing all staff whose position requires a school administrative, principal or school business administrator certificate pursuant to <i>N.J.A.C.</i> 6A:12.3.
()	21.	An analysis of any balance in the net payroll or payroll agency account.
()	22.	Monthly and quarterly remittance returns for all payroll agencies.
()	23.	All paid and voided warrants and payroll checks, together with the bank statements on which they are listed, arranged in order by month. Certified and approved payroll registers in chronological order.
()	24.	The Treasurer of School Moneys should have his or her records in order and available during the course of audit.
()	25.	Schedule of the amounts reimbursed by the state for the current year FICA employer contribution for its TPAF members on an accrual basis.
()	26.	Analysis for each balance sheet account balance as of fiscal year-end not listed above (See Section I, Chapter 8, page I-8.2)
()	27.	Analysis of the miscellaneous income account including a schedule of receivables for miscellaneous income.
()	28.	A schedule of all cash or in-kind contributions and donations, including donor, amount and disclosure of related parties, if applicable
()	29.	A schedule of all loans, including amount, terms and disclosure of related parties, if applicable
()	30.	Copies of all FY 06 charter school aid payment schedules (Oct. 15, 2005; Last day of School, 2006)
()	31.	Summary Schedule of Prior Audit Findings prepared in accordance with USOMB Circular A-133 section .315, if applicable. a. Corrective Action Plan which was submitted to the county superintendent. b. Copy of charter school certification to the county superintendent that all corrective actions of prior year has been taken.
()	32.	Copy of any audit or compliance report received from oversight or regulatory agencies during the current year.

- () 33. Special Education Medicaid Initiative (SEMI) refer to SEMI Provider Handbook and other correspondence form the NJ Department of the Treasury
 - a. Parental consent forms.
 - b. Documentation to verify that a service was provided on a specific date.
 - c. Records to indicate that a pupil either has a current IEP that specifies the services or was referred for evaluation.
 - d. Records which specify the practitioner providing the related service. The record should be adequate to verify that the service was provided to the pupil by a specific practitioner on a specific date.

GASB 34 - Items required for GASB 34 financial reporting

- () 1. Capital asset schedules, including the following detail:
 - a. Date placed in service.
 - b. Cost/basis.
 - c. Beginning of the year balance accumulated depreciation.
 - d. Current year depreciation
 - e. Ending balance accumulated depreciation.
 - f. Classification of the asset (e.g. land, building, equipment).
 - g. Method of depreciation (e.g. straight line).
 - h. Useful life of each asset used in computing the depreciation. Charter Schools may refer to the standard useful life table on the following page for guidance on useful life of each asset. Charter Schools are not required to utilize the standard useful lives suggested but should develop a policy appropriate for the district use.
 - "This chart originally appeared in the book <u>GASB Statement No. 34 Implementation Recommendations for Charter Schools</u> and is reprinted with permission of the Association of School Business Officials International at http://www.asbointl.org.
 - Identification by program.

 If the asset is specifically identifiable to a program (see the lines used in the Statement of activities), then that program should be noted and depreciation should be charged to that program. If not, there should be an indication that it is not specifically identifiable. The assets should be in one of two categories based on how each asset is used 1) governmental fund or 2)business-like activity (enterprise
- Schedule of long-term liabilities for the following each category of debt capital leases, compensated absences, other (specify):
 - a. Beginning of year balance
 - b. Additions

fund).

- c. Reductions
- d. End of year balance
- e. Amount due within one year

()	3.	Schedule of interest accrued on long-term debt.
()	4.	Trust documents (trust instruments or letter specifying restrictions) which support classification as either a permanent trust or private purpose trusts (e.g. scholarships).
(·)	5.	Worksheet for converting from governmental fund balances to net assets.

<u>SECTION III – REPORTING</u> CHAPTER 7 – SYNOPSIS AND CORRECTIVE ACTION PLAN

Synopsis and Hearing of Audit

N.J.S.A. 18A: 23-3 states in part that "The Commissioner annually shall publish a summary of such recommendations as made for each charter school and the steps which have been taken in each charter school for their implementation."

N.J.S.A. 18A:23-4 states "The secretary of the board shall prepare or have prepared a synopsis or summary of the annual audit and recommendations, prior to the holding of the meeting of the board to take action thereon; A copy of which synopsis or summary shall be available for distribution to interested parties at the meeting.

In order to comply with the above requirements, it is requested that the charter school Board Secretary prepare the audit synopsis under the following format:

- a. Governmental Funds Balance Sheet (Exhibit B-1).
- b. Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balance (Exhibit B-2).
- c. Reflect each audit recommendation under the applicable heading listed below:
 - 1. Administrative Practices & Procedures
 - 2. Financial Planning, Accounting & Reporting
 - 3. School Purchasing Programs
 - 4. School Food Service
 - 5. Student Body Activities
 - 6. Facilities and capital assets
 - 7. Miscellaneous
 - 8. Follow-up on prior year findings
- c. A copy of the minutes of the board meeting at which the audit recommendations were read and discussed must be filed with the county superintendent of schools together with the synopsis within 30 days following the meeting at which the audit was discussed. Specific board action and disposition of each audit recommendation must be duly noted in the minutes of the board. A general statement of the Board's acceptance of the audit and recommendations is NOT in compliance with N.J.S.A. 18A:23-3 and 23-4. In addition, the minutes must address the corrective actions voted by the board and a completed Corrective Action Plan must be included with the synopsis.

The copy of the minutes, synopsis and corrective action plan will be filed with the State Department of Education by the county office after they have been reviewed for accuracy and completeness. See the end of this section for a sample Corrective Action Plan.

The school business administrator must submit a certification (see sample format at end of this chapter) when all corrective actions have been fully implemented, but no later than June 30th of the subsequent fiscal year. The certification letter is to be submitted to the Office of School Funding, Division of Finance, PO Box 500, Trenton, NJ 08625-0500.

SECTION III – REPORTING CHAPTER 7 – SYNOPSIS AND CORRECTIVE ACTION PLAN

THIS PAGE INTENTIONALLY LEFT BLANK

A Quality Assessment (Control) Review will be performed at the state level on each audit. The auditor should familiarize himself/herself with the following Quality Assessment (Control) Review form. The auditor's review of this form should ensure that the audit contains sufficient information to answer the questions contained in the review, as well as eliminate time-consuming correspondence with Office of School Funding personnel in assuring compliance with Federal and State audit requirements.
